TRANSMITTAL OF OPERABLE UNIT 3 WORK PLANS

EG&G Rocky Flats, Inc. (EG&G) is pleased to transmit herewith four (4) copies of Phase I RFI/RI work plans for the Original Process Waste Lines, Solar Evaporation Ponds and the West Spray Field. Please note that the Health and Safety Plan (HSP) and Sampling and Analysis Plan (SAP) are not included with this work plan at this time. These two work plan components are being prepared on a site-wide basis and will be delivered as separate ER documents per the draft IAG.

Pursuant to DOE's April 19, 1990, memorandum to EG&G regarding DOE document review periods, these work plans are due to EPA and CDH on May 10, 1990. Therefore, if DOE has changes to these work plans, please notify EG&G no later than May 4, 1990, so that changes can be incorporated in time for the May 10, 1990 submission.

If you have any questions, please contact Tom Greengard at extension 7121 or Loren Zweig at extension 5963.
